Tenant Initials: _____

Executive Summary

The property is in good overall condition with light wear consistent with use. The hallway walls need maintenance investigation.

Tenant Initials: _____

Interpretations

Where no condition has been completed it can be interpreted as the item is in good condition. Good condition is signs of wear consistent with use.

Where access is not possible, the relevant meter reading will be recorded as: Not accessible / Not Applicable – please contact the agent.

New condition – Unused condition.

Excellent/Very good condition – No marks, tears, stains, generally under one- year old.

Good condition – Signs of slight wear, generally lightly worn.

Fair condition – Signs of age, frayed, small light stains, marks and discolouration.

Poor condition – Extensive signs of wear and tear, extensive stains/marks/tears/chips, still functional.

Very poor condition – Extensively damaged/faulty items, large stains, upholstery torn and/or dirty, pet odour/hairs.

Weathered condition – Outside, signs of slight wear, generally lightly worn.

Fair weathered condition – Outside, signs of age, frayed, small light stains and marks, discolouration.

Poor weathered condition – Outside, extensive signs of wear and tear, extensive stains/marks/tears/chips. Still functional.

Used condition – Opened and used as expected.

Cleaned to a professional standard – A receipt, or Cleaners seen at the property and/or the Clerk can affirm, all surfaces are clean, dust free, free from finger marks, polished and free from residue and limescale.

Cleaned to a domestic standard – All surfaces are clean; minor dust or grubby marks in places and require a minor wipe or vacuum in places.

Further cleaning required – All surfaces are dusty or grubby. Light cleaning, sweeping, vacuum or dusting would be necessary. Appliances and sanitary ware require light cleaning.

Cleaned to a poor standard – The property requires a thorough full clean with significant issues being noted throughout the report.

Dusty – Light dust which could easily be removed with a cloth or vacuum.

Debris or residue – Particles which could be removed with cleaning.

Lightly soiled – Light or sticky marks that require light cleaning products or materials to remove.

Soiled/grubby – Heavy or sticky marks that require cleaning products or materials to remove.

LISTD Inventory's Disclaimer

LISTD Inventory's Disclaimer

This report is a detailed narrative record from a visual inspection. It is compiled in good faith to provide an accurate descriptive record of the applicable property's contents; the condition and cleanliness of such contents, on the date of the report compilation. It is the duty and ultimate responsibility of the Landlord, Tenant and Agent to agree between them the accuracy of this Inventory Report.

LISTD Inventory and its clerks are not trained or qualified Property Surveyors. In any event, should this report be used as a structural survey of a property. It should be noted that we are not specifically trained or qualified as experts on any type or kind of cloth, wood or other material including antiques. This Report should not be deemed to be a definitive statement of each and every item of equipment or furniture.

This report does not provide the Landlord, Tenant or Agent with any kind of guarantee regarding the safety of any equipment, furniture or other contents relating to the property. Any description serves merely as a record in accordance with the purpose of this report. In the case of a significant defect of an item such as clear or obvious damage or soiling, then such item will be described appropriately.

It should be noted that it may not be possible to move certain items of furniture to facilitate inspection behind or beneath, due to weight or fragility. We do not rearrange furniture where they are not in their correct locations. It is not usual practice to inspect and detail loft or cellars. We do not inspect rooms which are locked unless a key has been provided. Further, we do not inspect items that are packed for storage or in boxes. It should be noted that it is at our discretion whether or not we individually list books, CDs, DVDs, cleaning items or other miscellaneous items such as the contents of garden sheds, greenhouses or garages.

LISTD Inventory and its clerks do not check gas or electrical appliances and give no guarantee with regard to the safety or reliability of such items. Smoke alarms and carbon monoxide alarms are tested for power only and it is the responsibility of the Tenant to make sure that, where fitted, they are working correctly at all times. The responsibility for the compliance with the Fire & Safety Regulations for Furnishings, Gas and Electrical services is that of the Instructing party. Any note within the Report compiled by us stating, 'fire label seen' should not be interpreted to mean that the item complies with the 'Furniture and Furnishings' (Fire) (Safety) (Amendments) 1993. The reference is merely a record that the item was seen to have a label attached, at the time that the Report was compiled. Same for, any mention in reference to the smoke alarm, heat alarm or carbon monoxide as 'sounded when tested' does not mean the alarm is working effectively. It is at our discretion as to whether we test any keys located within the property and it is the responsibility for the Landlord, Tenant or Agent to note the purpose of any keys in the property.
